TO/POUR Jadyn SUBJECT/MATIERE #10

FROM/DE Grandpa DATE September 9, 2003

Dear Jadyn,

Well, it is already in September and I feel the fall is around corner with smell, hear and look. You see, the sky is so high and navy blue. You know, the leaves are changing their colores soon. And I can hear a beautiful music of bugs singing from our back yard. Not only that I smell very good of the richy grapes, apples, peaches, nectarines etc.

Jadyn, you see, my brother in law (he was my only sister's husband) was passed away on last August 19, 2003. That's why I was a little bit tight in time. And also my computer is in trouble to get the Korean Word pressessor menu from the main menu. I have tried to get it to the menu which I am wanting. But no useful with my best try. I think the soft ware is too old and wore off. That's why I am writing to you with my pen now. Still I'm thinking to fix it.

By the way, I thank you for your fun letter which made me very happy to read and also the new year calender is so nice to have and to use it for 2004 on my desk. You are so good!
